

MW/Davis Dumas & Associates, Inc.

COMPANY PROFILE

MW/Davis Dumas & Associates (MW/DDA) began in 1970 as Miller & Weaver, Inc. We are a small business that prides itself on having strong long lasting relationships with a variety of clients. Our team consists of 11 employees including 4 registered Professional Engineers (PEs). Our staff also includes Engineering Interns (EIs), CAD Operators, LEED Accredited Professionals and Administrative personnel. Our office is located in the historic Pepper Place District of Birmingham, Alabama and occupies 9,600 SF of space.

We pride ourselves in building strong, long-lasting relationships with all of our clients, which include individual building owners, architects, large and small private companies and government agencies just to name a few. Examples of clients with who we have built successful, long lasting relationships are: Blue Cross Blue Shield of Alabama (38 years), BellSouth/AT&T (35 years), Children's Hospital of Alabama (38 years), Retirement Systems of Alabama (15 years), Jefferson County (35 years) and Baptist Health Systems (36 years). The degree to which we have fulfilled our promise of quality and service to our clients is measured by their continued reliance on our ability to exceed their expectations for solutions to their challenging engineering requirements.

MW/DDA designs all types of projects involving HVAC systems, plumbing and fire protection. These projects include new construction, renovations and additions. At MW/DDA we are always looking for new ways to improve on design and we have won awards for innovative design including the ASHRAE Technology Award for Innovative Design. We pride ourselves on the scheduling and coordination of projects. Communication is the key to any successful project and we always keep open lines to any member of the design team on any given project from the CAD staff to the Principal-in-Charge. From the time we are awarded a contract, we take a hands-on approach and assist the owner/building manager as well as all other members of the design and construction team in any capacity that is necessary.

Our President, James Sam Davis, Jr., joined Miller & Weaver, Inc. in 1981 as a mechanical design engineer. In 1989 he was named Vice-President/Principal and in 2001 he became President and the company name changed to MW/Davis Dumas & Associates, Inc. Since then, he has led the company and expanded its client base and diversity of projects. He is licensed and has designed projects in 20 states including Puerto Rico and the U.S. Virgin Islands. In 2005 he was named by Governor Bob Riley to the Alabama Board of Heating and Air Conditioning and Refrigeration Contractors, a position he held until July 2015. In 2012 he was appointed by Governor Robert Bentley to the Alabama Energy and Residential Board until 2021. In 2016, Mr. Davis was named the Engineer of the Year by his peers at ASHRAE and the Engineering Council of Birmingham as well as recognized by his alma mater, UAB as 1 of 25 "Engineers Making a Difference" . He is also a member of American Society of Heating Refrigerating and Air-Conditioning Engineers, American Society of Mechanical Engineers, United States Green Building Council, and the National Fire Protection Association.

JAMES SAM. DAVIS, JR., PE

PRESIDENT – MW/DAVIS DUMAS & ASSOCIATES, INC.

PRINCIPAL IN CHARGE (MECHANICAL ENGINEER)

HISTORY

1975-1989	Mechanical Design Engineer Harry Jeffcoat Jr. & Associates - Birmingham, AL Miller & Weaver, Inc. – Birmingham, AL
1989-2001	Vice President and Principal Miller & Weaver, Inc. - Birmingham, AL
2001-2002	President Miller & Weaver, Inc. - Birmingham, AL
2002-Present	President MW/Davis Dumas & Associates, Inc. - Birmingham, AL

AWARDS & POSITIONS

- Alabama Energy and Residential Codes Board (2012 – 2021)
- Alabama Board of Heating and Air Conditioning and Refrigeration Contractors (2005 – 2015)
- 2016 ASHRAE Birmingham Engineer of the Year
- 2016 Engineering Council of Birmingham Engineer of the Year
- 2016 Recognized as 1 of 25 “Engineers Making a Difference” by UAB

PROJECT EXPERIENCE

- VA CBOC – Huntsville, Alabama
- VA CBOC – Savannah, Georgia
- VA Community Living Center Renovation – Dublin, Georgia
- Jefferson County Courthouse Renovation – Birmingham, Alabama
- Jefferson County Jail Renovation – Birmingham and Bessemer, Alabama
- Jefferson County Energy Conservation Projects
 - Renovation projects in Birmingham & Bessemer Jails, 2121 Building, Mercy Cooper Green Hospital, Family Courts Building and the Jefferson County Courthouse
- RSA Battle House Renovation – Mobile, Alabama
- Wachovia Tower Renovation – Birmingham, Alabama
- AT&T City Center Renovation – Birmingham, Alabama
- RSA Ross Bridge Hotel and Conference Center – Hoover, Alabama
- Federal Building – Tuscaloosa, Alabama
- Cullman City & County Jail – Cullman, Alabama
- Elmore County Emergency Operations Center – Wetumpka, Alabama
- Hoover Public Safety Center – Hoover, Alabama
- LMCO Facilities – Pike County, Alabama
- RSA Battle House Renovation – Mobile, Alabama
